President, District Board of Mysore, Myso

To

B. Nagappa, Esquire, Bar-at-Law,

Secretary to the Government of Mysore,

Local and Legislative Departments, Bangalore.

Sir,

With reference to your letter No.L1726/L.B.46-25-6 dated 2-9-1926 calling for certain particulars in the matter of taking over the Koppa-Maddur road by the District Board for maintenance, I have the honor to state that it was represented at the Taluk Conference held at Mandya in February last that the road is not fit for the passage of traffic as the present mileage allotment of R40 per mile is not sufficient for its proper up-keep. It was therefore urged that the mileage allotment might be raised.

2 It was then resolved at the Conference that in order to improve the road by getting the ryots to cart to the road metal collected in their fields and ordinarily stored away near bhands, and using the present gravel for consolidation and also to save the establishment and tools and plants charges and use the full amount on the road the District Board may take over the road for maintenance by the Civil Department. This resolution was approved by the District Board at their meeting held on 17-7-1926 .

3 As regards the agency required to supervise the repair work on the road the Taluk Board and its Sanitary Inspector are at present the agency for executing the works and other functions assigned to the District Board. The question of the agency to be employed after the new District Board Regulation is brought into operation is under consideration and a separate report will be submitted in the matter for the orders of Government.

4 I request that early orders of the Government may be kindly obtained in the matter.

I have the honor to be,
Sir,
